Serving the Katy area for more than 40 years, Memorial Hermann Katy Hospital brings the expertise of the Memorial Hermann Health System, including the region's top medical specialists, to families in Katy and beyond. Our affiliated, board-certified physicians, and other health care professionals, utilize advanced medical technology to address the community's health care needs, from routine outpatient visits to complex inpatient procedures. Memorial Hermann Katy is part of the Memorial Hermann Health System, with over a century of caring for the families of the Greater Houston area.

## 24-Hour Emergency Centers

Our emergency centers treat both children and adults and are ready to meet the needs of critically ill or injured patients. Our ERs are staffed by affiliated board-certified emergency medicine physicians, advanced practice providers and nurses and technicians specially trained in emergency care.

### Services include:

- Digital X-ray, computed tomography (CT) and ultrasound
- Diagnostic laboratory
- Three 24/7 dedicated pediatric emergency rooms
- An additional 24-hour ER located nearby within the Memorial Hermann Convenient Care Center in Katy
- Access to a higher level of care via ground ambulance or by air via Memorial Hermann Life Flight®

## Level III Trauma Center

Memorial Hermann Katy is a designated Level III trauma center with the ability to provide advanced trauma life support, evaluation, stabilization and diagnostic services. If needed patients can be transferred quickly to a higher level of care within Memorial Hermann's network of trauma centers.

## Birthing Center

As a Texas Department of State Health Services Level II Maternal Facility, the Birthing Center at Memorial Hermann Katy features private, labor-delivery-recovery suites equipped with the latest technology and premium amenities. Our affiliated board-certified physicians and nursing staff are trained in both normal and high-risk deliveries and newborn care.

(over)

Services include:

- High-risk pregnancy clinic
- OB Emergency Center
- Antepartum unit providing care for mother and baby before delivery
- Dedicated labor and delivery nurses providing one-on-one care during birthing
- Nurses who are trained breastfeeding specialists
- Private postpartum rooms where mother and baby are cared for together
- A Level III NICU providing 24-hour neonatal provider coverage
- Childbirth and parenting education classes

### **Breast Care Center**

Patients in Katy have access to specialized breast care services by affiliated, board-certified breast radiologists, who provide:

- 3-D mammography
- Bone density screenings
- Breast MRI and MRI biopsies
- Breast ultrasound
- Stereotactic breast biopsies
- Ultrasound-guided biopsies

### **Children's Memorial Hermann**

Children's Memorial Hermann at Memorial Hermann Katy offers specialized care and services for children of all ages close to home.

### **Children's Emergency Center**

The Children's Emergency Center at Memorial Hermann Katy is ready to care for children experiencing a medical emergency 24 hours a day, 7 days a week. The medical team consists of pediatric-trained emergency medicine physicians, pediatricians, nurses and support staff who specialize in providing treatment to children of all ages. In addition to pediatric personnel, the Children's Emergency Center has equipment and supplies made specifically for children, access to Child Life specialists to support children during their visit or a procedure, and state-of-the-art technology.

### **Expanded Pediatric Care**

Children's Memorial Hermann is committed to providing high-quality health care to children and offers expanded pediatric services close to home at Memorial Hermann Hospital Katy. Through our skilled and compassionate staff and state-of-the-art technology, we make the inpatient hospital experience more positive and reassuring for you and your child.

Services include:

- Low-acuity pediatric inpatient services
- Level III NICU
- Pediatric general surgery
- Access to an array of affiliated board-certified pediatric specialists

Additionally, should a higher level of care be required, pediatric patients can be transported to Children's Memorial Hermann Hospital in the Texas Medical Center by our Children's Neonatal and Pediatric Transport Team via ground ambulance or Memorial Hermann Life Flight®.

### **Heart and Vascular Services**

Memorial Hermann is at the forefront of advancing heart health, from preventive care to cardiac emergencies to complex surgical procedures. Our program combines research-driven innovation and a heart team approach to provide each patient with quality, personalized care.

With three integrated cardiac catheterization labs, the board-certified diagnostic, interventional and electrophysiology cardiologists, as well as cardiovascular and thoracic surgeons affiliated with Memorial Hermann Katy, work with a dedicated staff of caregivers to treat a spectrum of heart-related conditions and offer prevention, treatment and interventional procedures, including:

- Heart disease risk assessment
- Lifestyle and medical management
- Diagnostic testing, including advanced and non-invasive imaging
- Access to advanced technology with remote monitoring capabilities
- Minimally invasive procedures
- Endovascular and traditional surgical options

Our hospital is Chest Pain certified by The Joint Commission and meets stringent criteria for rapid response when seconds count.

### **Imaging Center**

Memorial Hermann Katy offers the latest advancements in imaging technology and screenings, including computed tomography (CT), fluoroscopy, magnetic resonance imaging (MRI) (1.5T and 3T, large bore), ultrasound and X-ray.

### **Neuroscience Services**

The neuroscience program at Memorial Hermann Katy brings together a collaborative group of affiliated, board-certified neurologists, interventional pain management specialists, who are supported by a highly trained, specialized and dedicated clinical staff.

Our experienced specialists provide care for:

- Stroke
- Cerebrovascular disorders
- Parkinson's disease & movement disorders
- Tremors
- Peripheral nerve disorders
- Epilepsy and seizure disorders
- Dementia
- Headaches

- Multiple sclerosis
- Neurocognitive disorders
- Neuromuscular disease
- EEG studies
- Acute and chronic pain arising from trauma, nerve damage, degenerative conditions, debilitating headaches, facial pain diseases and systemic metabolic disorders such as diabetes

In collaboration with Mischer Neuroscience Associates, the Telemedicine Program at Memorial Hermann Katy enables top affiliated neurologists to observe patients remotely and assist with treatment from any location. Patients gain real-time access to unparalleled stroke care and leading neurological expertise around the clock, all from the familiar comfort and life-saving accessibility of their own community hospital.

### **Primary Stroke Center**

Our hospital has received The Joint Commission Gold Seal of Approval™ as a Primary Stroke Center which signifies that Memorial Hermann Katy provides critical elements to improve patient outcomes and that the quality of care provided is effectively managed to meet the unique and specialized needs of stroke patients.

### **Oncology Services**

Patients at Memorial Hermann Katy have access to a multi-disciplinary team of oncology specialists, which may include an affiliated board-certified surgeon, medical oncologist, radiation oncologist and radiologist, depending on their disease. In addition, affiliated, board-certified plastic surgeons, physical therapists and palliative care specialists are available if needed. Should a higher level of care be needed, Memorial Hermann Health System offers the entire continuum of cancer care: education, prevention, screening, diagnosis, treatment, survivorship and rehabilitation.

### **Orthopedics and Sports Medicine**

As part of Memorial Hermann | Rockets Orthopedics, dedicated multidisciplinary orthopedic care team includes specialty-trained affiliated board-certified physicians, nurses and rehabilitation specialists who provide non-surgical and minimally invasive procedures, surgery and rehabilitation for muscle, joint and bone injuries and abnormalities. As part of patient-centered care, therapists perform comprehensive evaluations to determine appropriate treatment to individually address each patient's goals. Memorial Hermann Katy also is an accredited Joint Center, providing innovative treatments for joint replacement patients.

The Memorial Hermann Sports Park Katy is a full-range sports medicine facility on the campus of Memorial Hermann Katy. The facility houses Memorial Hermann Medical Group Katy Primary Care & Sports Medicine, Athlete Training and Health (ATH), UT Physicians Orthopedics, and the Memorial Hermann | Rockets Sports Medicine Institute, offering specialized medical care and athletic training.

### **Surgical Services**

Our affiliated board-certified physicians utilize the latest techniques and technologies to perform a wide range of inpatient and outpatient surgical procedures, including minimally invasive robotic surgery. Our goal is to offer our patients a positive, seamless patient experience—before, during and following surgery.

### **Women's Care**

We are proud to provide an array of services to meet the unique health care needs of women of all ages. Our services include obstetrics and gynecology, maternity services, heart and vascular services, breast and bone care and more.
