

# TIRR Memorial Hermann Education Academy 2025

TIRR Memorial Hermann is committed to educating current and future rehabilitation specialists through high-quality, evidence-based educational programming. The TIRR Memorial Hermann Education Academy offers more than 60 continuing education courses each year, serves more than 2,500 professionals annually and provides medical professionals access to the latest treatment techniques and/or research to better serve their patients, care-partners, and community. TIRR Memorial Hermann Education Academy offers virtual, live, in-person, and on-demand courses designed to support occupational therapy practitioners, physical therapy practitioners, speech language hearing pathologists, nurses, and other rehabilitation professionals.
